GUIDELINES:

- Application must be submitted before December 21, 2012.
- Central Georgia EMC residential single family customers may qualify for up to a \$75 rebate to have a Tune-up performed on one Central Air Conditioner or Heat Pump at their primary residence
- Rebate will not exceed the cost of the tune-up.
- Rebate is not available for new construction.
- A completed Rebate Application is required.
- Application must be signed and dated by both the customer and HVAC contractor.
- Customer must submit a dated, detailed invoice as proof of service completion. Failure to provide required information may result in denial of rebate.
- Rebates are awarded on a first-come, first served basis until program funds have been depleted.
- Rebate not valid on gas fired furnaces, must be electric heat pump.

Please attach HVAC Tune Up Checklist to 2012 Residential Energy Efficiency Rebate Application for proper processing.
